Otolaryngology- Head and Neck Surgery

Department Chair/ Head

Dr. Martin Corsten

Residency Program Director

Dr. Jean-Philippe Vaccani

Co-Chair Undergraduate Education

Dr. Laurie McLean

Undergraduate Director of Mandatory Selectives

Dr. Safeena Kherani (Anglophone stream)

Dr. Nita Scherer (Francophone stream)

Continuing Professional Development Chair

Dr. Safeena Kherani

Research Director

Dr. David Schramm

Chair's Report

Dr. Martin Corsten

It gives me great pleasure to present the Annual Academic Report for the Department of Otolaryngology – Head and Neck Surgery at the University of Ottawa. This is my fourth annual report, and the academic productivity of the Department is at the highest level in our Department's history. Our Department members were the recipients of over \$600,000 in grants for academic activity, published two book chapters and 30 peer-reviewed articles, and gave 13 local, 13 national, and 17 international invited lectures and symposia. Our post-graduate medical education program in Otolaryngology – Head and Neck Surgery continues to attract high quality residents and fellows, and our Department hosted a Canadian National Retreat on Undergraduate Medical Education in October, which was attended by Undergraduate Medical Education coordinators in Otolaryngology from every medical school in Canada.

Some special events occurred in 2011-2012 that require special mention. Dr. Jeff Yeung and his supervisor Dr. Matthew Bromwich achieved 1st Prize in the Canadian Society of Otolaryngology – Head and Neck Surgery Poliquin Resident Research Competition, our 2nd such award in the past 3 years. This speaks to the high quality of resident research activity within our Department. The research project of one of our uOttawa medical students, Scott Kohlert, was considered a "top paper" at our Canadian Society of Otolaryngology – Head and Neck Surgery Annual Meeting, and was elevated to a presentation at the plenary session. Credit goes to his supervisor, Dr. Laurie McLean, and to Scott for excellent scholarly work. Dr. Laurie McLean was also awarded a new position as a participant in the Distinguished Teacher Program, this is a great accomplishment for Laurie. On behalf of the Department, I was fortunate enough to be named Co-Chair of the Royal College Examination Board in Otolaryngology-Head and Neck Surgery for a five-year term starting July 1, 2012, and was chosen as incoming President of the Canadian Society of Otolaryngology – Head and Neck Surgery in 2014. These two honours are a reflection on the hard work and national reputation of our entire Department.

Finally, we have been fortunate enough to recruit two new medical staff to our Department. Dr. Benoit Guay has completed his Fellowship in Head and Neck Oncologic Surgery/Reconstructive Surgery, and joined our staff for a one year locum appointment. Furthermore, we have been able to recruit Dr. Kristian Macdonald, who is completing a Fellowship in Rhinology/Skull Base Surgery at the University of Toronto, to join us in July 1, 2012. These are both excellent surgeons and will complement the strong clinical and research interests our Department already enjoys in these two areas of sub-specialty.

Thank you for taking the time to read this Annual Report. It gives me a lot of pride to serve as Chair of this Department.

Dr. Martin Corsten
Dr. Michael Odell

OTOLOGY/NEUROTOLOGY

Dr. Mohammad AlHajry
Dr. David Schramm
Dr. JP Souaid

Medical Student Lecture Topics

UNIT 2 SEPTEMBER 2011

"Taste and Salivary Glands"

Dr. Laurie McLean- English

Dr. Joseph Marsan - French

"Multidisciplinary Workshop: Physiology of Swallowing and Dysphagia"

Dr. Laurie McLean- English and French

"Multipdisciplinary Panel: Cleft Lip and Palate"

Dr. Johnna MacCormick- English

Dr. Jean-Philippe Vaccani- French

"The Neck Mass"

Dr. Matthew Bromwich- English

"Integrative Lecture"

Dr. Shaun Kilty- French

"CBL Tutors (ENT): Oral Cavity Lesions"

Drs. Matt Bromwich, Kevin Butterfield,
Safeena Kherani, Laurie McLean,
Michael Odell, Nita Scherer, John
Young-English

Dr. Joseph Marsan- French

UNIT 1 FEBRUARY 2011-APRIL 2012

"Introduction to Airway and Olfaction"

Dr. Laurie McLean- English

Dr. Jean-Philippe Vaccani- French

"Acute Sinusitis"

Dr. Shaun Kilty- English

Dr. Joseph Marsan- French

"Adenotonsillar Disease"

Dr. John Young- English

Dr. Jean-Philippe Vaccani- French

"Physiology of Voice and Hoarseness"

Dr. Michael Odell- English

Dr. Joseph Marsan- French

"Head and Neck Malignancy"

Dr. Michael Odell- English

Dr. Joseph Marsan- French

“Pediatric Respiratory Distress and Stridor”

Dr. Matthew Bromwich- English

Dr. Eric Henry- French

“Workshop: Upper Airway Obstruction And The Basics Of Tracheostomy Tubes”

Drs. Laurie McLean, Safeena Kherani, Shaun Kilty, Eric Henry, Nita Scherer- English and French

“Workshop: Epistaxis”

Drs. Eric Henry, Laurie McLean, Miklos Matyas, Nita Scherer – English and French

INTERGRATION UNIT MARCH - MAY 2012

“Physiology of Balance”

Dr. Joseph Marsan- English and French

“Peripheral Vertigo”

Dr. Joseph Marsan- English and French

“Physiology of Hearing”

Dr. Jean-Pierre Souaid- English

Dr. Andre Lamothe- French

“Adult Hearing Loss”

Dr. Pat Murphy- English

Dr. Andre Lamothe- French

“Multidisciplinary Session: Pediatric Audiology and Hearing Loss”

Dr. Johnna MacCormick and Yves Bearegard- English

Dr. Jean-Philippe Vaccani and Yves Bearegard- French

“Otitis Media”

Dr. Johnna MacCormick- English

Dr. Jean-Philippe Vaccani- French

“Diseases of external ear”

Dr. David Schramm- English

Dr. Eric Henry- French

Resident Academic Half Day Topics

"Salivary gland tumours"	Dr. Michael Odell
"Salivary gland anatomy and physiology/ benign salivary gland disorders"	Dr. Eric Henry
"Parathyroid physiology and surgery"	Dr. Michael Odell
"Thyroid Nodules and Cancers"	Dr. Eric Henry
Lymphoma/ Unusual H&N tumours"	Dr. Andre Lamothe
"Career counseling"	Dr. Jean-Philippe Vaccani
"Discovering your Authentic Leadership"	Dr. Laurie McLean
"Pediatric malignancies"	Dr. Martin Corsten
"Parapharyngeal space and tumours"	Dr. Andre Lamothe
"Larynx"	Dr. Michael Odell
"Laser Course"	Dr. Jean-Phillipe Vaccani
"Surgery of the aging face"	Dr. Gregory Antoniak
"Rhinoplasty I"	Dr. Peter Brownrigg
"Rhinoplasty II"	Dr. Peter Brownrigg
"Principles of facial aesthetic surgery/ facial reconstruction"	Dr. Peter Brownrigg
"Lymphoma pathology"	Dr. Bruce Burns
"Cleft lip palate"	Dr. Mary Jane Duncan
"Velopharyngeal insufficiency"	Dr. Johnna MacCormick
"Adenotonsillar pathology and sleep disordered breathing"	Dr. Jean-Phillipe Vaccani
"Mid line nasal masses"	Dr. Jean-Phillipe Vaccani
"H&N Pathology teaching"	Dr. Jane Thomas
"Congenital Anomalies of larynx/trachea/esophagus (TEF, clefts, atresias)"	Dr. Johnna MacCormick
"Pediatric craniofacial surgery"	Dr. Danny Peters
"Plating Course"	Dr. Kevin Butterfield

Departmental Grand Rounds

Diagnosis and Treatment of Cutaneous Melanoma of the Head and Neck: an update	Dr. James Bonaparte
Update on the use of intra-tympanic steroids for inner ear disorders	Dr. Hedyeh Javidnia
The Use of Performance Enhancing Drugs in the Surgical Arena	Dr. Tracey Ross
The Revitalized Maintenance of Certification Program: Enhancing Learning, Advancing Care	Dr. Craig Campbell, Director of Professional Affairs, RCPSC
An Update on the Management of Unilateral Vocal Cord Paralysis	Dr. Melanie Duval
Ultrasound of the Head and Neck	Dr. Bassem Hanna
Rhinology Fellowship Experience & Interesting Cases	Dr. Kristian MacDonald
Embracing the Light: A Practical Guide to Digital Clinical Intra-Operative Photography For The Surgeon	Dr. Darren Tse
Pediatric Obstructive Sleep Apnea	Dr. Gerard Corsten, Chief of Surgery, Isaac Walton Killam Health Sciences Centre (IWK); Division of Otolaryngology-Head and Neck Surgery, Dalhousie University
Congenital Inner Ear Anomalies - the revised classification system and update	Dr. Varant Labajian
Embracing the Light part 2: interactive photography workshop	Dr. Darren Tse
Endoscopic Middle Ear Surgery	Dr. Melanie Duval
Improving Communication to Patients and Families...Communicating Beyond the IPad	Dr. J. Worthington, Ms. M. Boutette, Dr. D. Maziak, Dr. T. Di Renna, Ms. J. Schubert, Ms. K. Dupuis

Taking off our Loupes and Looking Forward:

The Vision of Surgery in 20/20

Dr. Jonathan Irish

Chief, Department of Surgical
Oncology University Health
Network/Mount Sinai Hospital;

Professor, Department of
Otolaryngology-Head and Neck
Surgery, University of Toronto

Anti-Sialogues in Head and Neck Surgery

Dr. Jeffson Chung

Superior Semi-circular Canal Dehiscence Syndrome

Dr. Euna Hwang

Face-off: Are face transplants fact or fiction?

Dr. Bassem Hanna

Recognizing Neurologic Pathology in Patients with Dizziness: an update with
discussion on bedside evaluation

Dr. Joseph Marsan

Global Health In ENT

Dr. Ryan Rourke

Alcohol Withdrawal Management in the Operative Patient

Dr. Tracey Ross

The History of Otolaryngology

Dr. Euna Hwang

What's new in tympanoplasty

Dr. Jeffson Chung

Smoking in the Operative Patient

Dr. Ryan Rourke

Surgical Management of Facial Nerve Injury

Dr. Varant Labajian

Management of Ankyloglossia

Dr. James Murphy,

Pediatric Medicine, San Diego,
California

Grand rounds awards

Winner:

Dr. Tracey Ross "Alcohol Withdrawal Management in the Operative Patient"

Honourable Mention:

Dr. Jeffson Chung "What's New with Tympanoplasty"

Dr. Jamie Bonaparte "Melanoma: An Update on Diagnosis and Treatment"

Dr. Ryan Rourke "Global Health in ENT"

Post Graduate Research- Poliquin Day

May 2, 2012- Kaminski Room, Civic Campus

Visiting Professor: Dr. Jonathan Sykes MD, FACS, University of California- Davis Health System

Patient Communication and Dealing with 'Difficult' Patients	Dr. Jonathan Sykes
Effect of handedness on forearm skin properties as measured by the cutometer: A pilot study.	Dr. Jeffson Chung
Prevalence of Hearing Loss and Benefits of Hearing Screening and Interventions for Hearing Support on the Transitional Care Unit: Study Idea and Design	Dr. Euna Hwang
A double blind randomized controlled trial assessing the efficacy of topical lidocaine in extended flexible endoscopic nasal examinations.	Dr. James Bonaparte
Comparison of Stapedotomy minus prosthesis (STAMP), circumferential stapes mobilization, and small fenestra stapedotomy for stapes fixation.	Dr. Bassem Hanna
Increased frequency of visits improves the efficiency of surgical global health initiatives.	Dr. Ryan Rourke
The video nasal speculum. Improving teaching and learning in septoplasty.	Dr. Darren Tse
Post-operative Management of the Nasal Septum in the Prevention of Complications After Septoplasty: A Systematic Review	Jason Quinn, MS3
Head and Neck Cancer and Socioeconomic Status in Canada from 1992 to 2007: Incidence	Dr. Euna Hwang
Head and Neck Cancer and Socioeconomic Status in Canada from 1992 to 2004: Survival	Dr. Euna Hwang
The Functional Minimally Invasive Approach for Cholesteatoma Surgery	Dr. Bassem Hanna
Development and Validation of Assessment Tools for Tympanoplasty and Myringotomy.	Dr. Tracey Ross
The New Age of Play Audiometry: Validation Testing of an iPad-based play audiometer.	Dr. Jeffrey Yeung
Seasonal Variation in Length of Hospital Stay Post Thyroidectomy	Dr. Tracey Ross
Biomechanical effects of a 2D skin expanding device: A Prospective study assessing the efficacy of skin expansion on radial forearm free flap tissue	Dr. Jeffson Chung
Resident Session	Dr. Jonathan Sykes
Otolaryngology Staff- Session	Dr. Sue Dojeiji

Departmental Activity

Research Grants

Bromwich, M., OTTN Proof of Principle Grant – Testing of a Pediatric Automated Mobile Play Audiometer (Dec 2011- March 2012) \$10,000

Bromwich, M., Department of Surgery internal Grant – Effect of mobile platform self directed testing on examination performance and knowledge retention (Dec 2011-Dec 2012) \$12,000

Bromwich, M., CHAMO Innovation Fund – Development of a Pediatric Automated Play audiometer (April 1, 2011- March 31, 2012) \$36,000

Bromwich, M., Surgery Research and development fund –Calibration of a Pediatric Automated Play audiometer (March 1, 2011- March 1, 2012) \$10, 250

Bromwich, M., CHEO Surgery Associates – Development of a mobile adaptor for flexible endoscopy – (May 2011 – April 2012) \$6750

Bromwich, M., NRC - Industrial Research Assistance Program – Method for portable pediatric play audiometry and tele-audiometry (June 2012-April 2013) \$50,000

MacCormick, J., Celecoxib for Pediatric Adenotonsillectomy: A Randomized Controlled Double-Blinded Study. With Murto, K. CHEO Research Institute \$8,000.

MacCormick, J., The Effects of a Preoperative Educational DVD on Parents' Participation in their Child's Care in the Recovery Room at the Time of Same-Day Surgery: A Randomized Controlled Trial . The purpose of this study is to evaluate the effectiveness of the educational DVD on parents and their child in the recovery room at the time of same day surgery. The educational preoperative preparation will enable parents to participate actively in their child's care, decrease their anxiety and their child's distress in the recovery room and in addition facilitate their child postoperative surgery. Funding Agency: CHEO Surgery Associates \$33,813.

McLean L, Kohlert S, Glikstein R and Kontolemos M. Grant for Educational Initiatives in Residency Education. University of Ottawa. The Learn-OTOHNS Radiology iPad App: An Innovative iPad Application for Self-Directed Interactive e-Learning for Postgraduate Trainees \$17 291

McLean L, Scherer N and Kherani S. University of Ottawa Summer Student Grant for Innovation in Medical Education. The Creation of Innovative E-Learning Modules for OTOHNS Clerkship \$5000

McLean L., University of Ottawa Summer Student Grant for Innovation in Medical Education. Identification of Leadership Tools applicable to Undergraduate Medical Students \$5000

Schramm, D., Fitzpatrick, E., Chenier, J., Séguin, C., Armstrong, S., McAfee, A., Impact of auditory-verbal therapy on adults with limited benefit after cochlear implantation- The Ottawa Hospital Foundation 2011-2012, \$100,000

Jones, B., Olds, J., **Schramm, D.,** Mental Health Status in Pediatric Hearing Loss- CHEO Psychiatry Associates Research Fund 2011-2012 \$5000.

Schramm, D., Fitzpatrick, E., Coyle D., Clifford, T., Economic Analysis of Bilateral cochlear implantation in children: the value of a second cochlear implant- CHEO Department of Surgery Research and Development Fund 2011-2012, \$5168
